WASTE MANAGEMENT POLICY

Policy

K.L.E. Society's College, Kalamboli is committed to minimizing the impact it has on the environment and to reducing and managing the trash produced on the college grounds. To make sure that our institution is helping to conserve the environment, the following steps will be implemented. The college pays dedicated focus to see that minimal waste is generated in the campus. Solid waste is segregated as bio degradable and non-degradable and handed over to Municipal Corporation.

The Campus is kept clean by separating waste into dry and moist waste in the designated dustbins that are placed strategically. Increasing the rate at which all suitable materials are recycled in accordance with life-cycle concepts.

To put into practice ideas of reduce, reuse, and recycling in sustainable resource management, the college is committed to zero waste through the 5R's- Refuse, Reduce, Reuse, repurpose and recycle.

Plastic Free Campus

The campus of the college is plastic-free. The college canteen has been given strict instructions to only use biodegradable cups and plates and to utilize separate bins so that biodegradable and non-biodegradable waste can be disposed of separately. The Green Committee members, NSS team and Eco-club volunteers routinely educate the college's staff, students and others about the dangers of plastic use and its ill effects.

There are display boards proclaiming "It is Plastic Free Campus" throughout the campus.

Smoking and Chewing Free Campus

The College is a no-smoking and chewing-allowed campus. All tobacco products of any kind are not permitted on college property. signs with the warning "It is a Smoking Free Campus" may be seen.

Waste Paper Management

The College gathers waste paper from all departments, classrooms, the library, the office, etc. before selling the resulting waste paper to local businesses for reusing and recycling.

Solid Waste Management

Municipal Corporation often removes non-biodegradable waste, debris, and e-waste from college campuses. Other solid waste, such as building debris and abandoned building materials, is also collected from the college.

E-Waste Management

Encouraging students and staff members to use E-waste bin installed in the college to dispose of their e-waste.
